In allowing my student to attend the Sardines and Tag at Dark, I am giving my approval for them to participate in the activities. I realize that the group will be playing Sardines and Tag in a safe yet challenging environment. In the event of an accident, I will not hold Sharon Church or the adults from Sharon Church liable. I also give authority for a medical team to make decisions, in the event, that my child is facing a life threatening injury or illness. I have also talked to my child about the "No Whining Policy", and they will adhere. I am also sending a change of pants, just in case.
