

A series of prayerful events designed to increase your awareness of God

We have faced struggles this year unlike any we could have imagined. We have been separated from others, from activities, from our sense of normalcy. But we have not been separated from God.

You may have found a new closeness. Or you may have experienced a disturbing distance from Him. Maybe you are on spiritual autopilot as you cope with a sense of overload.

Here are three different ways to connect and increase your awareness of God's presence in your life. You may participate in any or all—come as you are. Offered from November through summer 2021, we will make space for God to meet us however He wants.

The three formats are:

Prayer Workshops – Saturdays 9:30am-12:30pm (see dates below). A time of instruction and individual participation in various ways to pray and hear God

Reflective Worship – Various evenings (see dates below). Scripture readings, quietness, prayerfulness, and music to open your soul and welcome the Spirit.

Learning to Listen – Wednesdays 6:30-8pm (see dates below). Learn and practice listening to God for yourself and others through group spiritual direction and/ retreat. You may participate or simply come and be present.
