

Matzo Ball Soup

Purchase Matzo Ball and Soup Mix (comes in one box) at store that has kosher food section.

Make sure to get the one with SOUP MIX. They also sell it with Matzo Balls only.

Follow directions on box.

Helpful hint. When making the matzo balls, form them very very gently, don't squeeze the air out of them when forming. Don't worry about making them perfectly round. The soup should be only at a simmer when placing the matzo balls in the soup. I know the box says to only boil them for about 20 minutes, but the longer they simmer in the soup broth, the better they taste. You can purchase some extra chicken broth to accomodate for evaporation as soup cooks.
