

## **It's my third anniversary and I have an offer for you**

Greetings from Murrieta, California. I know what you're thinking, so I have compiled some Qs & As.

### **Q. Didn't the GRN office move to Tucson, Arizona?**

**A.** Sue and I are still here even though the GRN office has moved. I've worked from the little office in our home for several years, so I can continue to do my job wherever the GRN office is. We do have a lot of Zoom meetings though.

### **Q. What is this anniversary about?**

**A.** Today marks the third anniversary of the proton radiation in my left eye. As predicted, I can't see out of that eye. Do I have any pain? No, except when I bump into things and bruise my arm. I was supposed to go to the UCLA Eye Clinic for a thorough checkup, but they have postponed it for the third time. I must be a non-essential person to them. The next opportunity is on September 16.

### **Q. Haven't you retired?**

**A.** Any news of my retirement is greatly exaggerated. I'm actually working harder than ever. One of my current projects is a thorough update of the language information in GRN's huge database. Our motto is *Telling the Story of Jesus in Every Language*, so our field people need this information.

### **Q. What is this offer you mentioned?**

If I do this project alone, it will take me over a year, so I'm looking for some helpers who have a computer, can get on the Internet, and are willing to invest thirty minutes a day in the comfort of their own homes to enter names into our database. The pay is out of this world, so you'll have to collect it in the next life.

### **Q. How do I get started?**

**A.** First, you'll have to ask for a GRN volunteer application. Next, you'll be investigated by the FBI and the skeletons in your closet will go viral. Let's skip that step! You will have to download a free app, then I'll set up a Zoom meeting with you and show you what to do.

### **Q. Do I have to go into the GRN office?**

**A.** Not at all. You can live in another country for that matter.

**If you can't help**, don't worry. We still love you. Pray that we will find willing helpers for this important project.

One day we'll hear these words about Jesus, "You have ransomed people for God from every tribe and language and people and nation (Rev 5:9)."

Lots of love

Allan and Sue
