

WAT UP SALONE

June 2026 Newsletter

It has been a while since I have put out a new newsletter. I returned to Sierra Leone early May and have been back for two months now! It was great to be able to meet and see all of you. It is also great to be home again! Check out below to see what has been happening in Sierra Leone!

Multipurpose Building Progress

Thanks to your donations We are currently building a multipurpose Building at the Sowing Seeds Property.

This building will be used for many different things. We will have church services in it on Sundays, but it will also be used for our school kids tutoring program, our leadership bible

training classes, our guest will meet and eat here, and so much more. It will truly be quite a blessing for our ministry!

The building will be finished with a metal frame and mosquito screens everywhere! More news to come!

Abdul's New Pig Farm

Pastor Abdul has been looking into to raising pigs for many years now and he has finally been able to see his dream become a reality!

He has purchased 16 pigs, 13 of which are females. That's quite a lot of pigs! These pigs will be sold, to help bring in an income for Abdul, when they are full grown.

Everyone is really excited about the pigs! They are a really docile breed. The children love petting them. Everyone loves watching them and throwing them food.

Hopefully this project will bring Abdul some extra income making it easier for him to continue his ministry!

Work Begins in a New Village

Work has begun in the village of Matibo!

The village of Matibo is more of a town there a village. It has a population of nearly 10,000 people. It has a clinic, a high school, and a major farming project and yet the village only has one working water well.

Both of the photos above are from the Jesus

film showing. It was interesting because most of the time when we show the Jesus film, you can tell from people's responses that they have heard the story before, but most of people in Matibo seemed surprised at each part.

Please be praying for our work as we continue building this relationship with Matibo.

"If you are ever inclined to pray for a missionary, do it at once, where ever you are.
Perhaps he may be in great peril at that moment. "
