December 2024 Newsletter

Hope everyone is doing well and that you have had a wonderful Holiday! This is the last newsletter of 2024! Check out below what we have been doing the last few months.

New Testament Survey Class

Each of the five Saturdays in November we met with all of our Village church leaders and completed a New Testament Survey courses.

This is our fifth Bible Class that we have done with completed with these students.

There are seven different villages represented among the students along with student from three nearby cities.

I am still amazed how many important discussions these classes have opened up among the students.

Our Dear Fatmata Got Married

Fatmata Kamara has been living with us at the Sowing Seeds Property since she was nearly fifteen years old. This past November she got married!

These past seven years we have had the amazing opportunity to watch her grow

into the young woman she has become.

Please join us in praying for her as she enters this new part of her life. We wish her all the best in her marriage and all her future endeavors.

Craft Classes with Elementary Students

For the last semester, I have had the opportunity to go to Auntie Shirley's International Academy and lead craft classes with the different Elementary Students.

In the last few months we have made toy cars out of soda cans, baskets crocheted out of plastic bags, and lots of

paper mache!.

The kids really seem to enjoy the classes and getting to play with the materials. probably the paper mache has gone over the best especially since they get to paint it when its dry.
