What Are You Anchored To?

17 As for the rich in this present age, charge them not to be
haughty, nor to set their hopes on the uncertainty of riches, but on
God, who richly provides us with everything to enjoy.

18 They are to do good, to be rich in good works, to be generous
and ready to share,

19 Thus storing up treasure for themselves as a good foundation
for the future, so that they may take hold of that which is truly life.

1 Timothy 6:17-19 ESV

Some dear friends own some property at the beach in Nags
Head, North Carolina. I would stay at the beach with them from
time to time. Since I hadn't been around the beach until after I
graduated from college, I was curious as to why the house was
built on stilts. Their house was across the road from the beach,
and the surf was not around the house. That's at least what I
thought. But I wasn't thinking about what it was like there
during heavy storms and hurricanes. They build the house on
stilts for the times when the storms bring tidal surges and floods.

While many of the homes are built on stilts, some of them still
do not survive the rough waves when they come out of their
banks. The difference is whether or not the stilts are driven into
bedrock. If they are not, then the sand can get washed out around
the stilts and disaster occurs.

Our lives are a lot like that. Are your faith, life and heart
anchored into bedrock? If not, the storms of life can viciously
rock our world. So, that's what we are going to be focused on this
morning from Gods Word. What is the anchor of your life
holding on to? The answer to that question is vitally important.
Thank you for being with us today! I pray that you will be
strengthen during our time together today!

- Kevin

FAMILY NEWS

David & Julie Walker's great nephew, **Beau**, was taken
off oxygen and out of the warmer Thursday. He
regulated his temp and breathed on his own all day!
Also, all test results showed nothing, so they took him
off the antibiotics. They monitored him all day, and that
night he was released to go home!

Robert Denton, Jason's dad, has been moved out of
ICU and into a regular room, and still has tracheotomy.
He may transition to a nursing home.

Jeff Fieber's (Amber Parker's dad) surgery went well.
Doctors were able to remove the tumor, and he was
able to keep his kidney. No evidence of cancer
spreading! He was able to go home on Thursday.

Jimmy Flatt, Sr went back home this past week.

Randall Hill gave an update on **Victoria Owens**,
doctors have determined she is cancer free. She is
very thankful for all the prayers on her behalf.

Larry Thompson, Jackie Thompson's brother, has
been put on Hospice care.
