

"... This Show Made Me Pause and Think—Especially About Jesus"

What sets *Men of Courage* (MOC) apart from other TWR programs is its collaborative model. By equipping local ministry partners with the MOC Blueprint instead of a one-size-fits-all script, content is tailored to resonate deeply with local audiences.

How is it working? Here are some powerful testimonies from around the world:

- Türkiye: "I have never listened to a program like this before. It is now a program that I love and follow each week. The topics are interesting and resonate with me."
- West Africa: "As a Muslim, I didn't expect to find anything here for me. **But this show made me pause and think—especially about Jesus.** I reflect on how to be a better father and man every week."
- Indonesia: "Apologizing is a high moral act in building and sustaining relationships. Thank you for the inspiring short discussion and dialogue."

Lights Off at KTWR

For nearly 50 years, TWR has been proclaiming the gospel and teaching the Bible to the vast populations of Asia from our powerful shortwave station on Guam, KTWR. Following months of intense prayer, study and discussion, TWR's global leadership unanimously decided to wind down operations, and end broadcasts on Oct. 31, 2025. TWR is meeting the need of the audiences by reaching them with other stations in the region.

Siemens Memories from Guam (1994-2001)

Our first Christmas we were invited over by one of our colleague's family. Their home was in the hills on the south end of the island near the KTWR towers because he was one of the engineers who maintained the site. Without snow we couldn't sled down the hills, right? Instead, our friends gave Justin a piece of cardboard to slide down the hills by their house. We have many other great memories. When the time came, we didn't want to leave Guam and our colleagues, church family, and friends, who remain dear to our hearts. Looking back, we can't imagine not having lived in Voorthuizen, Vienna, Paphos, or even Brandon, SD! In each place we have developed friendships that will last a lifetime.

Our journey with Trans World Radio (TWR)

began in Guam in 1994 with two children. By the time we arrived in the Netherlands, we had four! God has been faithful to our family over and over again. The journey continues...
