

**One Heart Disability Ministry** is an organization focused on reaching people with disabilities and their families with the Gospel of Jesus Christ.

Partnering with people from church in the community as well as community organizations, One Heart is able to effectively reach out to people with disabilities in the Fort Wayne region and beyond. Because there are more than 54 million people in the US who have disabilities and because only 5% of those people with disabilities have a relationship with the church, there is a huge need to reach out to this specific group.

People with disabilities are often forgotten or overlooked and are not seen as a vital part of the Body of Christ or of society at large. One Heart seeks to advocate for people with disabilities and let them feel special and loved as they participate in our programs.

*"When you give a luncheon or dinner, do not invite your friends, your brothers or relatives, or your rich neighbors; if you do, they may invite you back and so you will be repaid. But when you give a banquet, invite the poor, the crippled, the lame, the blind, and you will be blessed....Go out quickly into the street and alleys of the town and bring in the poor, the crippled, the blind and the lame...so that My house will be full."*
