

It is important that Public Health utilize all community partners to provide updates on the covid-19 vaccine availability as often as we can.

Vaccine supply is limited and demand is high, so it will take time to reach all persons in Tier1.

We are asking that residents remain patient, as we are getting the vaccine doses out as they arrive in Lyon county.

COVID-19 Vaccine Lyon County information:

Public Health along with our community partners Avera and Sanford are moving to Tier1 of Phase 1B of vaccine planning.

Tier1-Phase1B includes the following:

65 and older

PK-12 schools, daycare social workers and early childhood education

First Responders

SCHOOLS – Public Health is working directly with the schools; school staff do not call Public Health

DAYCARE/EARLY CHILDHOOD/SOCIAL WORKERS – Contact Public Health at 712-472-8200, if you are interested in the vaccine.

FIRST RESPONDERS – Public Health is working directly with all First Responder Groups. – Call Public Health with any questions at 712-472-8200.

PERSONS 65 AND OVER:

Lyon County residents who see a doctor **OUTSIDE** of the county, and have not already contacted our office. Please call 712-472-8200 and we will get you on the list to receive the vaccine.

Lyon County residents who see a doctor with Avera Rock Rapids or Sanford Rock Rapids, your provider will notify you directly.
