Luke 10:1-20

The Lord sends, we don't appoint ourselves.

Teams are important for support and accountability.

Cover our going in prayer, especially for more to be sent.

We're going into potentially dangerous environments.

Go with our dependency on the Lord, not our own stuff.

Look for people of peace, stay and connect, don't hop around.

Realize that some will reject you, but simply move on.

Do what Jesus did, bring the Kingdom.

When rejected, don't take it personally.

When accepted, don't get puffed up.

Rejoice in who you are, not just what you've seen or done.
