District Admin Business...

Manual 122 Vision/Mission Plan — We promoted a 2-part seminar to help you do this. Probably moving toward requiring a mission/vision to be given to the DMRC by District Assembly each year. I suggest you begin to figure out how to do this. These seminars are excellent resources.

I suggest you utilize the MidSouth District Great Commission Award as a guide for what to track during the year.

Website — I remind you to check our website. There is a lot of info on there for you.

- Under "About Us" — Prayer Requests
- Under "About Us" — FTM Report — You will see the latest report we have from GMC
- Under "Calendar" — you can see what is happening on our district.

Reminders... Allocation Payments — Please stay current with your allocation giving. It will make it much easier on you at the end of the year.
