Church Planting through Furlough Replacement

Dear Praying Friends,

Thanks so much for your ministry in prayer for us.

August flew by! We started the month asking you to pray for the camp that was run by the Tirana church. The camp was for the teenagers of the churches in Tirana, Laknas and Marikaj. Pastors Ari and Andi and their wives did such a great job of organizing and engaging the young people. Our ministry was writing the devotional materials and preaching the messages. Myra also ran a children's ministry and helped out in the dining hall. Decisions were made and lives were strengthened as God's Word was proclaimed. It was a great week. Thanks for praying!

This week we are doing a six-session conference on Biblical Thinking for the Tirana church. Your prayers for the moving of the Spirit would be appreciated.

The heat is finally starting to abate, and kids start school this week so fall is on its way. We are planning for an October 11 return to the states. We are watching the international Covid situation develop. Our next two fill-ins are back-to-back in Hungary for two Hungarian national pastors who are not currently allowed into the States. Please pray that our Lord changes that before February.

Thanks again for keeping us before the Throne.

Praises:

- Safety in the Tirana traffic
- Many contacts and new friends
- Great VBTs, ESL classes and camp

Prayer Requests:

- The Spirit's moving in the Biblical Thinking Conference
- Safety on the roads in Tirana
- Souls from the many contacts we are making

In the Beloved One,
Xhim & Mira Wright (aka Jim & Myra)

In August here, everyone goes somewhere else. It's amazing. Vacations are universal for everyone unless you run a hotel. Even many stores and restaurants in Tirana close. Church members go to the coast and mountains. Consequently, the Fiochis shut the ministries down for a week. That seems strange, but it's normal in this culture. We used the opportunity to see some of the Balkins, more of Albania and visit with other missionaries. It was a blessing for us to recharge and learn more Albanian geography, culture and history.
