## Church Planting in Taiwan

November & December 2021

Volume 12 Issue 11

### The Unsaved

Ren, has continued to help translate my sermon powerpoints and to prepare extra verses for my sermons. Earlier this month, she faced a very difficult situation regarding her home. She was worried to the point of losing sleep over it, but then she remembered how God helped Esther (one of my sermons). So she prayed, asking God to give her peace and to take care of the problem. That night she slept peacefully, and the next morning, she received word that the government requirement had changed; the problem was completely resolved. She immediately contacted us and said God had done a miracle. Please continue to **pray** for her salvation!

### Wedding

Our friend YiXin is getting married this month. We've had the privilege to do premarital counseling with him and Kiko, and I'll perform my first wedding ceremony in Chinese. Please **pray** for YiXin and Kiko as they portray Christ to the world around them through their marriage.

### Church News

Many in our church are carrying very heavy burdens. These burdens have caused some to become discouraged; others have turned away from Christ. Please **pray** for the church leadership as we seek to help these Christians to be revived in their walk with Christ. Please **pray** for those who are coming closer to public discipline by the church. Please **pray** that, as God's children, we would be courageous and loving, that wisdom and peace would guide us, and that restoration and revival would be the result. Please **pray** that God would be glorified.

Your Ambassadors for Christ to Taiwan,

*Josh, Rachel, Nate, and Anna*

### PRAISE:

- Ren is learning more about God and is seeing that He is powerful and good.
- Several of our teens who are burdened with many exams are still serving the Lord faithfully in Christmas outreaches this month.
- God became flesh and dwelt among us. That has made all the difference.

### PRAYER:

- Wisdom for a new outreach opportunity that we're praying about for the new year
- Strength for all the busyness
- Wisdom for church situations
- We did not qualify for a permanent visa to Taiwan. Thank you for praying about it.

Merry Christmas!
