Greetings from the Pacific Northwest, **October 2026**

As cooler weather approaches, we are preparing for winter. The leaves are turning and falling, and temperatures have dipped as low as 33°. We are grateful for a warm home and reliable vehicles. I always look forward to winter, though Deb does not share my enthusiasm. Our children, grandchildren, and great-granddaughter are doing well. Our grandson Elijah burned both hands in a grease fire and suffered second- and third-degree burns. He has undergone two surgeries so far, and his hands appear to be healing well. He is also facing struggles in other areas, so we would appreciate your prayers for him. Deb and I have gone through a couple bouts of illness, but we are feeling much better.

The ministry here on the reservation continues to move forward. Attendance has fluctuated because of illness and bereavement. Several of our folks have recently lost loved ones. With God's comfort and the support of our church family, they are making it through these difficult times. In September, we started the kids' club again. We have a wonderful group of faithful children. Some have missed a great deal of school and are unable to read, but they are sweet and eager to learn. Both vans are currently running, which is truly a blessing. Please pray for one of our van drivers, Paul LongTimeSleeping, who has recently experienced serious heart problems. He loves the Lord and loves to serve, but his health has kept him from driving and attending lately.

The addition is progressing slowly. Our funds have decreased as we continue purchasing materials. Our labor force consists of a few retirees and two young adults who are just learning construction. They are able to contribute a few hours each week, for which we are thankful. We are currently installing insulation and wall coverings, completing the plumbing, and finishing the electrical work. Flooring will be installed soon. The carpet and tile will cost approximately $7,000. Please pray for additional funding and labor. The Lord has blessed in so many ways! We praise God for everyone who has contributed funds and/or labor toward this project. Thank you to Grace Baptist in Madisonville, Kentucky, for your gift of $500. We appreciate your sacrifice.

Prayer Request:

- Spiritual growth for Justin, Salem, Anya, and Nina, who recently accepted Christ
- Our children's ministry
- Our building project - funds and labor
- Wisdom, guidance, and health for Deb and me

Thank you so much for your faithful prayers and support. We appreciate you!

Love, Glenn & Deb Hohmann
