Subject: Update

I wanted our supporters to be aware of the decisions being made by our board concerning the operation of the center in light of the current health crisis.

All of our faithful volunteers are willing to continue their duties at the center; however, the board has voted to temporarily close the center. Many of our volunteers are in the "at risk" population and we do not want to jeopardize their health or that of their families.

We will still be able to keep in touch with our clients or with pastors etc. by remotely monitoring contacts to the center and returning calls and offering counseling and referrals.

I am sending this update to avoid the possibility of any of our supporters making an unexpected trip to the center and being disappointed by a locked door.

It was a difficult decision but many are being forced to make difficult decisions at this time. We pray for the health and safety of each of you and for our state and country.

Psalm 91.... God is able.

Together in His Service
