Dear Brothers and Sisters Elkview,

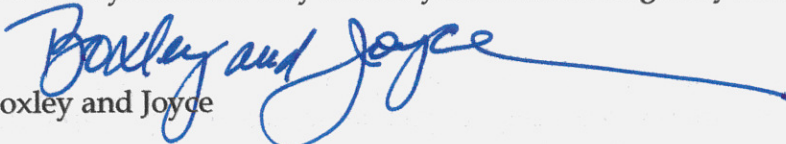

It is always a joy for us to think of you and pray for you, which we do on a regular basis. Your faithful partnership with us speaks so well of your love for the Lord and commitment to the Great Commission. By God's grace we are still serving the Lord and by God's grace Elkview Baptist Church is too! Thank you so much all these years of faithful giving to our ministry. You are a bright light to Kanawha County and also to the world! May your love for Christ keep on growing more and more!

This new year and a whole new decade are well underway. I am astonished at the technology that has become so integrated into our lives, even at times, it seems, almost controlling our lives. For example, John gave us a Google gadget that is apparently listening to everything we say in our living room because when we say "Hey Google" it answers us! It also answers nearly any question we ask it!

But the thing that gives me optimism is that so much technology is being used to further the gospel. Just think how the Internet, radio, TV, and the printed page are on 24/7 proclaiming the truth of Christ, preaching his great salvation far and wide. I often feel intimidated by my computer, and by that screen on my car dashboard, or by a gadget that is listening to me in my own living room, but I'm glad we have it.

Actually, there is much about technology that I really like. Such as getting emails and phone calls from around the world helping me keep us with and pray for what God is doing. Just yesterday a missionary colleague from the north coast of Papua, Indonesia (on the island of New Guinea north of Australia) called me over the Internet with an update and important prayer requests. Forty-nine years of ministry with Crossworld has given us many friends at home and abroad that we love and pray for. Especially our many friends in Haiti where we served for so long and where there is much lawlessness and turmoil.

We wish you God's very best as you continue to glorify Him by preaching Christ,
