

February 2020

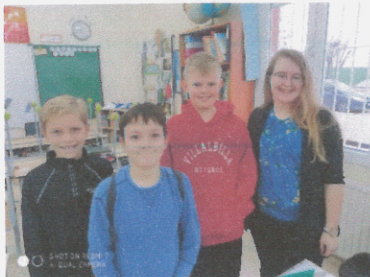

Dear Prayer Partners,

I feel blessed to be ministering in Spain, a country with such delicious fruit and vegetables. We've seen some spiritual fruit this year already, too! Two new couples are coming with a school-aged child! I was praying for our Sunday School attendance to grow. We had a little party, and I'm happy to report that they are coming more faithfully now. God is blessing us as a church family. He has also brought new families to Friday Bible Club.

The ladies of the Evangelical Churches of Madrid are having our second annual meeting. This one is a weekend retreat in beautiful Toledo. Nine ladies are going with me on Friday, and another couple of cars are going on Saturday. There will be Bible studies, worship, prayer, and workshops, and of course times to chat over coffee! Would you please pray for us this weekend? Two of the mothers who bring their children to the Bible Club are coming. Pray with us for their salvation!

God answered your prayers for a substitute in the afternoons at Evangelical Christian Academy by miraculously bringing Miss Restemayer. She is doing a great job with math and science! We have a terrific class who love the Lord and obey their teachers!

To God be the glory!
