June-July 2020

SO THANKFUL

We are happy to report that John's heart surgery went well, and he has not had any complications. He has adjusted well to "limited depth of field" with only his right eye.

A great big "Thank You" to all who prayed for him. We are both in stable health at this time. However, Barbara has plans for a varicose vein treatment on June 22. As always, we appreciate your prayers.

During these days of the corona virus we are glad that John's work is at home. Barbara has had the opportunity to connect with a few people over the phone. We are only attending church through the internet, but churches are beginning to meet again. We are glad to be in Texas where we have a good number of Godly leaders. We are most grateful for all of our faithful financial supporters who have given in this time of isolation and no work. We continue to look to the Lord for carrying us through this time of crisis. Thank you!

Please remember our online contacts in prayer.

Anders from Ecuador- I would like to study the Bible in stages; understand it and handle it openly given its complexity, complementing it with prayer. (*I answered—he replied*) Pray for the health of my mother, Margarita, so that she remains in our home so we can take care of her, as she needs it. (*I prayed for her over the internet and he wrote back.*) Thank you for having prayed for my Mother; because of you the blessings have strengthened me; God bless you...

Eduardo from Ecuador- This publication has changed my life. I am very thankful. I feel closer to GOD. He is by my side in these hard moments of pandemic; he accompanies me and helps me to cope with this forced social isolation. Thanks to God, my family is healthy until this moment. I have invited them to this page and managed to get at least some of them to receive CHRIST JESUS as their Savior. I hope the rest of the family will join us.

FAMILY NEWS

Our family enjoyed the celebration of our great grandson's first birthday. We are so happy to have Daniel in our lives.
