

## A Note from Betty Davis

October 2020

Dear Praying Friends,

Time passes so quickly; I just celebrated my 90th birthday and thank the Lord for his daily faithfulness.

In terms of prayer, please pray for my eyesight and also for strength as these are the things that I struggle with the most.

I was born in 1930 and though many things have changed many things remain the same. People still need Jesus. I remember as a young girl wanting to be a missionary, and I'm so thankful for the many years God gave me serving with Frank in missions. Your faithful prayers and support remain as important now as ever and I count on them daily.

I'm spending some time with Joan in Atlanta trying to recover from some eye surgeries. One eye is completely blind the other nearly so. Please pray that the Lord would see fit to keep the one eye at least a little bit open.

I am looking forward to seeing many of the souls God gave us in Heaven and rejoicing with our Lord Jesus Christ with the many who have labored with us through the years through prayer and financial support.

Pray for physical strength as there are still some projects I would like to finish. But I long now to be with family and friends with the Lord in Heaven.

Thank you for your prayers as they mean so much and for your love towards us all these years. May God bless you as you continue to serve in your area of God's pastures.

With much love and appreciation,

*Betty*
