Dear Friends,

Thank you for helping our ministry during these summer months. Your gift is a wonderful encouragement and allows us to continue our passion to spread the Gospel and strengthen the Church.

While our normal summer of camps and retreats has been severely altered due to COVID, I am so grateful for the opportunities we do have. Our Alpine Adventures ministry is enjoying good contacts. In fact, because the group size is reduced, we have experienced greater one-on-one opportunities with these guests. Continue to pray for safety and spiritual fruit.

We are also accomplishing several work projects during this time of campus "slow down." Praise the Lord for special gifts to undertake these projects. Also, we are blessed to have some work teams volunteering to help. Pray for the completion of these various improvements.

Again, thanks for your support. We are eagerly preparing for the return of students. Please pray the Lord of Harvest to call forth more servants . . . Because Life is for Service.

*Honored to serve with  
you dear folk. I  
am praying God's best  
for you during these  
unusual days.*

His Slave,
