

Job Description
For
Audio/Visual team

The Audio/Visual team is an integral part of the Sunday worship team. The A/V tech sets up, runs the sanctuary A/V system, and live-streams Sunday services. The A/V tech helps to produce the best possible atmosphere for worship.

Training: It will be important to participate in periodic training sessions to stay up to date on changing technology and procedures. Training will include:

- **Streaming:** It is necessary to be able to stream our services through Facebook Live to give online access to anyone wishing to participate in the services online.
- **Trouble-shooting-** The A/V tech must be able/willing to trouble-shoot any unexpected problems that may arise.
- **Time** – Arrive 20 minutes before worship begins and remain after service long enough to ensure everything is shut down and off.
